## Buffalo Harbor, NY – Buffalo Harbor Confined Disposal Facility #4 (Buffalo Harbor CDF #4)

### Project Description

- Navigation Projects Served: Buffalo Harbor along with Black Rock Channel and Tonawanda Harbor.
- The facility is owned Erie County, New York.
- The facility is operated and maintained by the Buffalo District, U.S. Army Corps of Engineers
- Buffalo Harbor CDF #4 is an in-lake facility attached to land in Buffalo, NY. The CDF is located outside the Stony Point breakwater at the south entrance to Buffalo Harbor, adjacent to the former Bethlehem Steel property, and ties into the existing south entrance arm breakwater.
- Buffalo Harbor CDF #4 has an area of 107 acres, has a total capacity of 6,900,000 cubic yards, and receives about 140,000 cubic yards every 2 years. The CDF has more than 20 years of capacity remaining.
- Non-Federal interests may use this disposal facility if it is determined that the capacity to be used by the non-Federal interest will not reduce the availability of the disposal facility for Federal navigation project purposes, that the material is environmentally acceptable, and after payment of a tipping fee.

### Project Authority

- The facility was constructed in 1977 under the authority of Section 123 of the River and Harbor Act of 1970, Public Law 91-611, as amended.

### Beneficial Use Information

- Direct transportation access to the CDF is available via road and water.
- For more information about beneficial use opportunities, please contact the Corps of Engineers using the contact information at the bottom of this fact sheet.

### Congressional Interest

- Representative Brian Higgins D-NY-26
- Senator Charles Schumer D-NY
- Senator Kirsten Gillibrand D-NY
