## Big Suamico Harbor, WI

### Harbor Features

- Located in the village of Suamico in Brown County, Wisconsin, approximately 10 miles north of Green Bay.
- Authorized: Rivers & Harbors Act of 1937
- Shallow draft recreational harbor with 3,700 feet of federal channel
- Authorized depth is 8 feet
- Major stakeholders include Native American fishing interests and various marina owners

### Project Requirements

- Maintenance dredging is required infrequently but needed presently. Current sediment backlog within the federal channel is 20K cubic yards.
- Loss of available depth within the center half-width of the channel ranges from 2 to over 4 ft at the western two-thirds of the federal channel.
- Last channel maintenance was performed in 2002, removing 17K cubic yards from the full extent of the federal channel.
- Sediment sampling and analysis (FY22) and dredging (FY23 and FY24) were funded by the Bipartisan Infrastructure Law (BIL). Removal of sediment from the western two-thirds of the Federal channel is planned.

### Consequences of Not Maintaining the Project

- The local community has established significant infrastructure around the harbor and generates income from users and visitors.

### Transportation Importance

- This project supports charter fishing and recreational navigation interests.
- Serves as a harbor of refuge for recreational vessels.
