Lac La Belle Harbor, MI

Harbor Features

- Located in the northeastern tip of the Keweenaw Peninsula off the shore of Lake Superior. The harbor is about 40 miles northeast of Houghton, MI.
- Authorization: Rivers & Harbors Act of 2 Mar 1945
- Shallow draft recreational harbor
- Project depths: 12 feet in the entrance channel and 10 feet in the inner channel
- Approximately 4,500 feet of federal channel
- 1,000 feet of north and south breakwater
- Major stakeholders: U.S. Coast Guard, local tourism businesses, and marina

Project Requirements

- Requires maintenance dredging of approximately 5,000 cubic yards every 5 years.
- The harbor was last dredged in 2013 with funds provided by the State of Michigan under a contributed funds agreement with USACE. Approximately 11,000 cubic yards of material were removed.
- Maintenance dredging is currently required.
- Critical breakwater structure repair and safety maintenance is required.

Consequences of Not Maintaining the Project

- Loss of local jobs
- Loss of recreational and charter fishing in the area
- Loss of recreational boating access to Lake Superior
- Loss of safe harbor during storm events
- Potential safety issues for recreational boating community

Transportation Importance

- Lac La Belle is a harbor of refuge.
- Recreational and charter fishing interests
