Morristown Harbor, NY

Harbor Features

- Located on the St. Lawrence River in the Town of Morristown, St. Lawrence County, NY.
- Authorization: Rivers & Harbors Act of 1927
- Shallow draft recreational harbor.
- Project depth is 9 feet in the entrance channel.
- The harbor consists of an entrance channel 150 wide and approximately 800 feet long.
- Major stakeholders: U.S. Coast Guard, fishing interests, private marinas, and the recreational boating community.

Project Requirements

- Maintenance dredging is currently required.
- Funding received in 2024 will be used to complete sediment sampling and analysis, and environmental coordination to support future dredging. Subsequent funding will be needed complete maintenance dredging.

Consequences of Not Maintaining the Project

- Potential safety issues for recreational boating community.
- Negative economic impacts, locally and regionally.

Transportation Importance

- Morristown is a harbor of refuge.
- Provides safe access between Morristown Bay and the St. Lawrence River.
