## New Buffalo Harbor, MI

### Harbor Features

- Located at the mouth of the Galien River on the southeast shore of Lake Michigan in Berrien County, about 45 miles east of Chicago, IL
- Authorization: Rivers & Harbors Act of 1962
- Shallow draft recreational harbor
- Project depths are 10 feet in the entrance channel and 8 feet in the inner channel.
- Approximately 2,100 feet of maintained federal channel
- More than 2,000 feet of breakwaters
- Dredged material is placed along the beach as beach nourishment.
- Major stakeholders: U.S. Coast Guard, Michigan DNR, Galien Marina, the Michigan Boating Industries Association, and condominium associations and marinas

### Project Requirements

- Approximately 10,000 cubic yards of material must be dredged on a 1 to 2 year cycle.
- Limited dredging by local community completed in 2017.
- Maintenance dredging funding was received in the FY18 workplan and completed in 2019 when approximately 68,000 cubic yards of material were removed.
- Maintenance dredging is currently required.
- A funding need for a Section 216 initial appraisal has been identified in response to the local community voicing a concern about erosion issues along the shoreline south of the existing federal harbor.
- Critical breakwater safety maintenance is currently required.
- Repairs are currently required to navigation structures.

### Consequences of Not Maintaining the Project

- Loss of recreational and charter fishing in the area

### Transportation Importance

- This project serves as an important harbor of refuge and supports charter fishing and recreational navigation interests.
- The local community has established a significant infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.
- Supports 1,058 recreational boat slips
