

US Army Corps
of Engineers ®

Oconto Harbor, WI

Harbor Features

- Located on the west shore of Lake Michigan in Green Bay about 40 miles north of the city of Green Bay, WI and about 20 miles south of Marinette, WI
- Authorization: Rivers & Harbors Acts of 2 Aug 1882, 25 Jun 1910
- Deep draft harbor primarily supporting recreational users
- Project depth 15 feet
- Over 3,900 feet of federal navigation channels
- Major stakeholders include U.S. Coast Guard, several marinas and yacht clubs, and various businesses

Project Requirements

- Maintenance dredging is required infrequently.
- The harbor was last dredged in 1992; the community performed minimal dredging in 2012.
- Maintenance dredging is currently required.

Consequences of Not Maintaining the Project

- Loss of jobs locally
- Loss of recreational and charter fishing in the area

Transportation Importance

- This project serves charter fishing and recreational navigation interests.
- The harbor community has established infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.
- Oconto is a critical harbor of refuge.
