## Ogdensburg Harbor, NY

### Harbor Features

- Located on the St. Lawrence River at the mouth of the Oswegatchie River in the City of Ogdensburg, St. Lawrence County, NY.
- Authorization: Rivers & Harbors Acts of 1919 and 1935.
- Deep draft commercial harbor.
- Project depths are 19 feet in the upper entrance channel and city front channel, 21 feet in the lower basin, and 27 feet in the lower entrance channel.
- 179K tons of material shipped and received in 2021.
- Interconnected with 2 commercial ports; receives from 2 ports.
- Major stakeholders: U.S. Coast Guard, Ogdensburg Bridge and Port Authority, and the recreational boating community.

### Project Requirements

- The harbor requires dredging on an infrequent basis to maintain the navigation channel. The harbor was last dredged in 1984.

### Consequences of Not Maintaining the Project

- Closing the harbor to commercial traffic requires commodities to be transported by rail and truck. This would increase annual emission rates by over 727 tons of harmful particulate matter and increase costs by \$375,000 due to increased railroad-related accidents and \$266,000 due to increased trucking-related accidents.

- Light loading: losses of between 2 and 3 feet of channel depth would result in increased transportation costs of between \$320,000 and \$540,000 annually.

### Transportation Importance

- Ogdensburg is the only U.S port on the St. Lawrence River and is the northernmost port in New York.
- Salt is the major commodity shipped and received.
- Ogdensburg is a critical harbor of refuge.
- Home to Auxiliary U.S. Coast Guard station.
- Waterborne transportation facilitated by the harbor supports \$7.8M in business revenue, 33 direct, indirect, and induced jobs, and \$2.6M in labor income to the transportation sector.
