Two Rivers Harbor, WI

Harbor Features

- Located on the west shore of Lake Michigan about 82 miles north of Milwaukee and about 101 miles from Green Bay, WI
- Authorization: Rivers & Harbors Acts of 3 Mar 1871, 2 Mar 1907, 30 Aug 1935, 3 Jul 1958
- Deep draft commercial harbor, yet the primary use is recreational
- Project depth is 18 feet in the entrance channel and inner basin and 10 feet in the East Twin River
- Approximately 6,000 feet of maintained federal channel
- More than 2,700 feet of piers and revetments
- The material from lower portions of the harbor is placed on the beach as nourishment. The inner harbor material needs to be placed in an upland placement site.
- Major stakeholders: U.S. Coast Guard, Suzy Q Fish Market, City of Two Rivers, and a variety of charter and sport fishing interests

Project Requirements

- Approximately 40,000 cubic yards of material are dredged from this harbor on a 5 year cycle.
- The lower portion was last dredged in 2009 and the community performed minimal dredging in 2012.
- The harbor was last dredged in 2020, when approximately 66,000 cubic yards of material were removed.
- Local community continues to express concerns related to deteriorated wave climate and impacts of harbor structure due to configuration of Federal breakwater structures. A Section 216 study is needed to analyze this.

Consequences of Not Maintaining the Project

- Loss of local jobs
- Loss of recreational and charter fishing in the area

Transportation Importance

- This project serves as an important harbor of refuge and supports charter fishing and recreational navigation interests.
- The local community has established significant infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.
