Whitefish Point Harbor, MI

Harbor Features

- Located on the south shore of Lake Superior, about 55 miles east of Grand Marais, MI and 40 miles west of Sault Ste. Marie, MI
- Authorization: Rivers & Harbors Act of 2 Mar 1945, 17 Aug 1967
- Shallow draft recreational harbor
- Project depth is 12 feet
- Approximately 8 acres of maintained federal channel
- More than 1,500 feet of breakwaters
- Dredged material is placed along the beach as beach nourishment.
- Stakeholders include U.S. Coast Guard

Project Requirements

- Maintenance dredging of approximately 28,000 cubic yards is required every 2 to 6 years.
- The harbor was last dredged in 2010.
- Funding was received in the FY18 Work Plan and dredging was completed in 2019.
- Critical breakwater safety maintenance is required.

Consequences of Not Maintaining the Project

- Loss of jobs locally
- Loss of recreational and charter fishing in the area
- Loss of recreational boating access to Lake Superior
- Loss of safe harbor during storm events
- Potential safety issues for recreational boating community

Transportation Importance

- This project serves as an important harbor of refuge and supports charter fishing and Native American navigation interests.
- The local community has established infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.
